

- MERV 10 PERFORMANCE RATING
- LOW RESISTANCE TO AIR FLOW
- MOISTURE RESISTANT 100% SYNTHETIC MEDIA
- SUPPORTS ACHIEVEMENT OF LEED CREDITS
- UL CLASS 2 RATED
- AVAILABLE IN 1", 2", 4", 5"

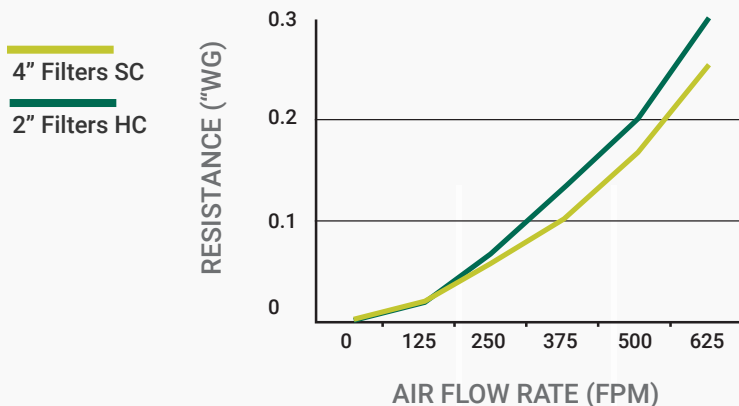

FEATURES

- Canadian made using quality components
- Mechanical media is laminated to a metal grid for support
- Media pack is bonded to the frame to prevent air by-pass
- Beverage board frame with diagonal supports for added strength
- Custom sizes upon request

APPLICATIONS

- Commercial, educational and industrial facilities
- Can be used as an upgrade from lower rated pleated filters
- Increase efficiency without modification to side or front access housings
- As a stand-alone filter the QZ10 pleat offers increased efficiency and improved indoor air quality
- Simple upgrade in compartment units and single rack fans to meet LEED criteria
